DETAILED ACTION

Receipt is acknowledged of the Amendment filed 9-28-2004.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 16 - 18 are rejected under 35 U.S.C. 102(b) as being anticipated by Bucher et al. (US PAT No. 5,715,409).

Regarding claim 16, Fig. 3 of Bucher et al. teaches a method for controlling a device comprising determining whether a diffsense signal (DIFFSENS) on a bus (16) is within a voltage range associated with a differential bus; and selectively activating and deactivating a device (132, 154) based on the determination (col. 2, line 64 - col. 3, line 11).

Regarding claim 17, Fig. 3 of Bucher et al. teaches the method according to claim 16 further comprising determining whether a diffsense signal on a bus is within a voltage range associated with a high-voltage differential small computer system interface bus (SCSI bus; col. 3, lines 1-4).

Art Unit: 2819

Regarding claim 18, Fig. 3 of Bucher et al. teaches the method according to claim 18 where the device is a high-voltage differential transceiver (SCSI transceiver handles high voltage compared to ultra low voltage SCSI transceiver).

Allowable Subject Matter

Claims 1-13 are allowable over the prior art of record.

Response to Arguments

Applicant's arguments with respect to claims 16-18 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
